

**Declaration regarding the REACH
Regulation
1907/2006/EC
(Registration, Evaluation, Authorisation
and Restriction of Chemicals)**

The REACH Regulation (EU Regulation 1907/2006/EC) came into force on 1 June 2007 with effect from 1 June 2008.

ANDUS ELECTRONIC GmbH is what is described as a "downstream user" and has no obligation to register substances under the REACH Regulation.

We buy our chemicals solely from suppliers in the EU territory, meaning we have no obligations as an "importer" under the REACH Regulation.

To ensure continuity in all product shipments and processes, we work closely with chemical suppliers and take care to comply with the REACH Regulation.
